Instant EXHIBITIONS

Contents

A: Semi-Circular Bars

B: Vertical Bars

C: Eyebolt

D: Short Screw

E: Hanging Wires

**F**: Branded Stretch Fabric

G: Carry Bag
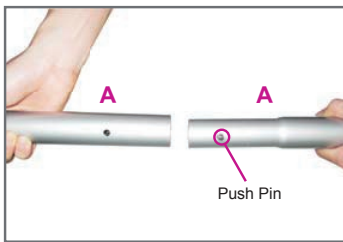

Step 1

Join the semi-circular bars (**A**) together to form two complete circular frames.
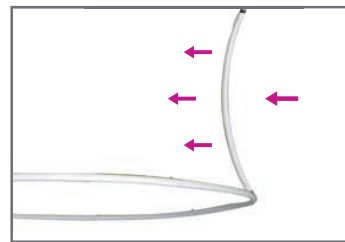

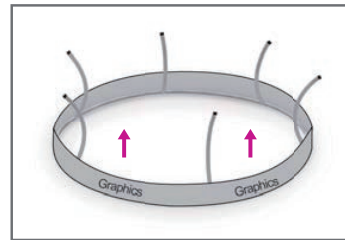

Push Pin

Step 2

With one circular frame on the floor, align the vertical bars with the holes, ensuring the bends face inwards.

Note: Push pins should be facing up on the base circular frame and down on the top circular frame.
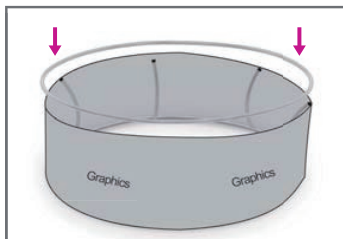

Step 3

Attach the vertical bars (**B**) to the base circular frame (**A**) using the short screws (**D**).
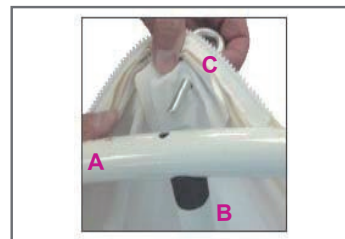

Step 4

Completely unzip the branded stretch fabric (**F**) and position it under the bottom circular frame. Ensure the graphic is the correct way up, then pull the graphic up to the top of the vertical bars.
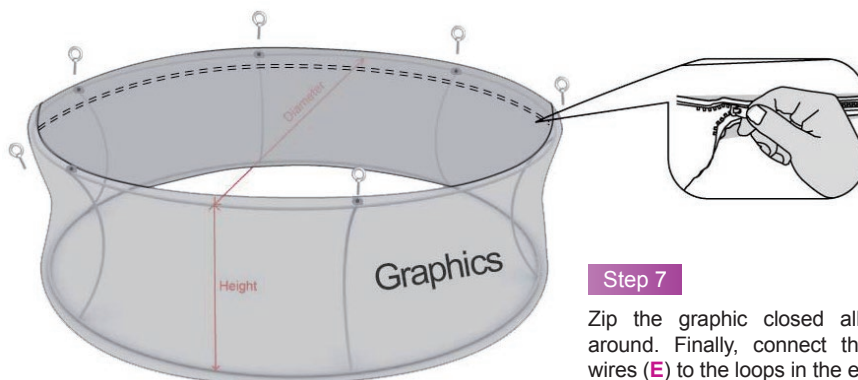

Step 5

Place the top circular frame on top of the vertical bars

Step 6

Locate a reinforced hole in the graphic. Feed an eyebolt (**C**) through the hole and the circular frame, and screw into the vertical bar. Repeat for all vertical bars.

Step 7

Zip the graphic closed all the way around. Finally, connect the hanging wires (**E**) to the loops in the eyebolts (**C**).
