

UNFOLDING

Remove the Spider Dome from the carry bag and unfold the frame.

Make sure the canopy is above and the legs are below.

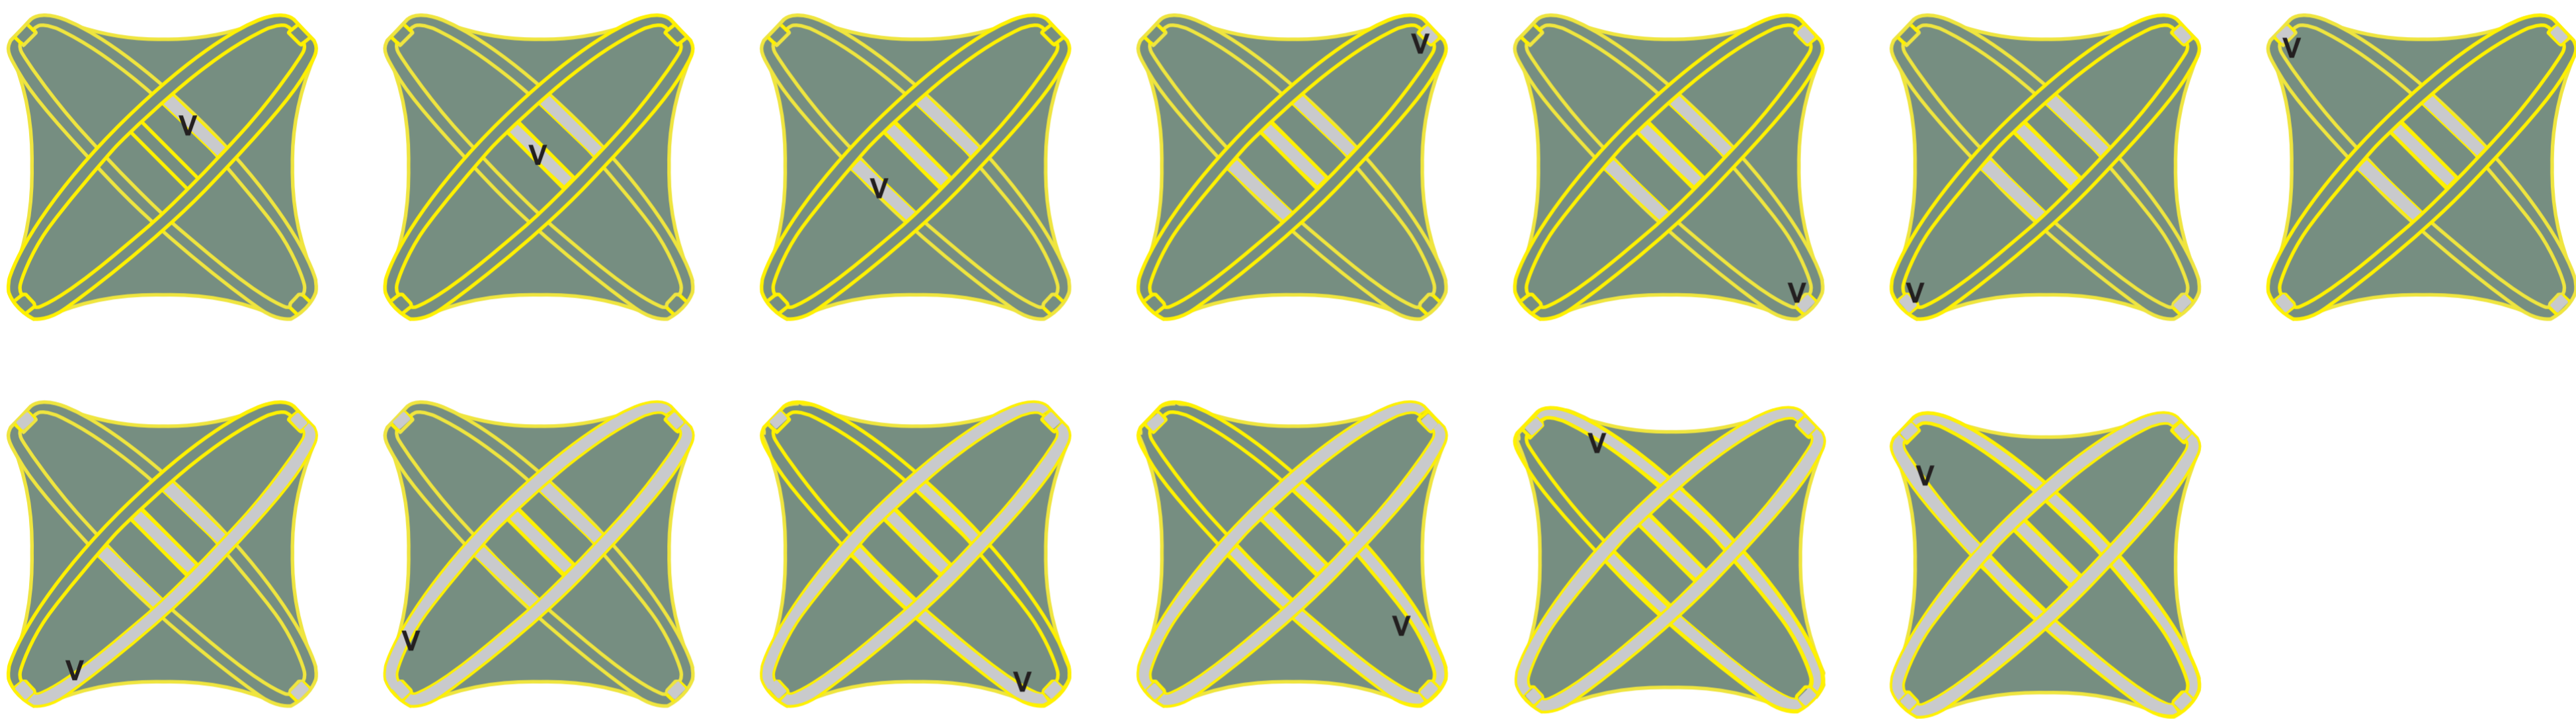

There are 15 inflate/deflate valves and 15 overpressure valves. Tighten the valves.

INFLATING

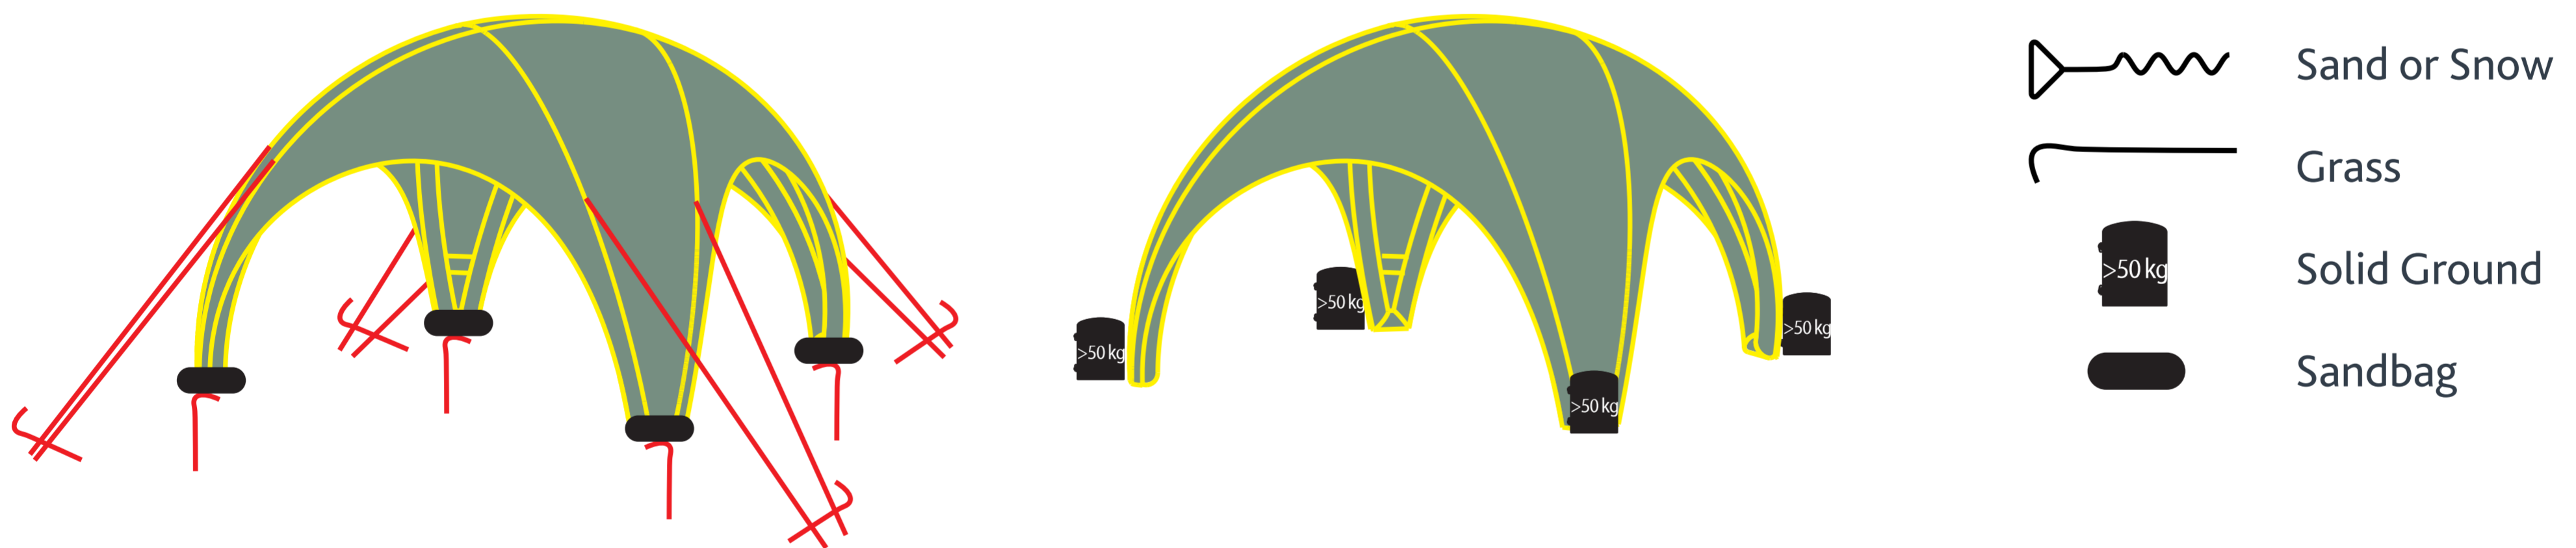

Insert the electric pump into the opened inflate/deflate valve and inflate each frame separately.

ABOUT THE PRESSURE
Inflate until the tube feels very solid (3PSI/0.2BAR).
Excess air will escape through the overpressure valve.

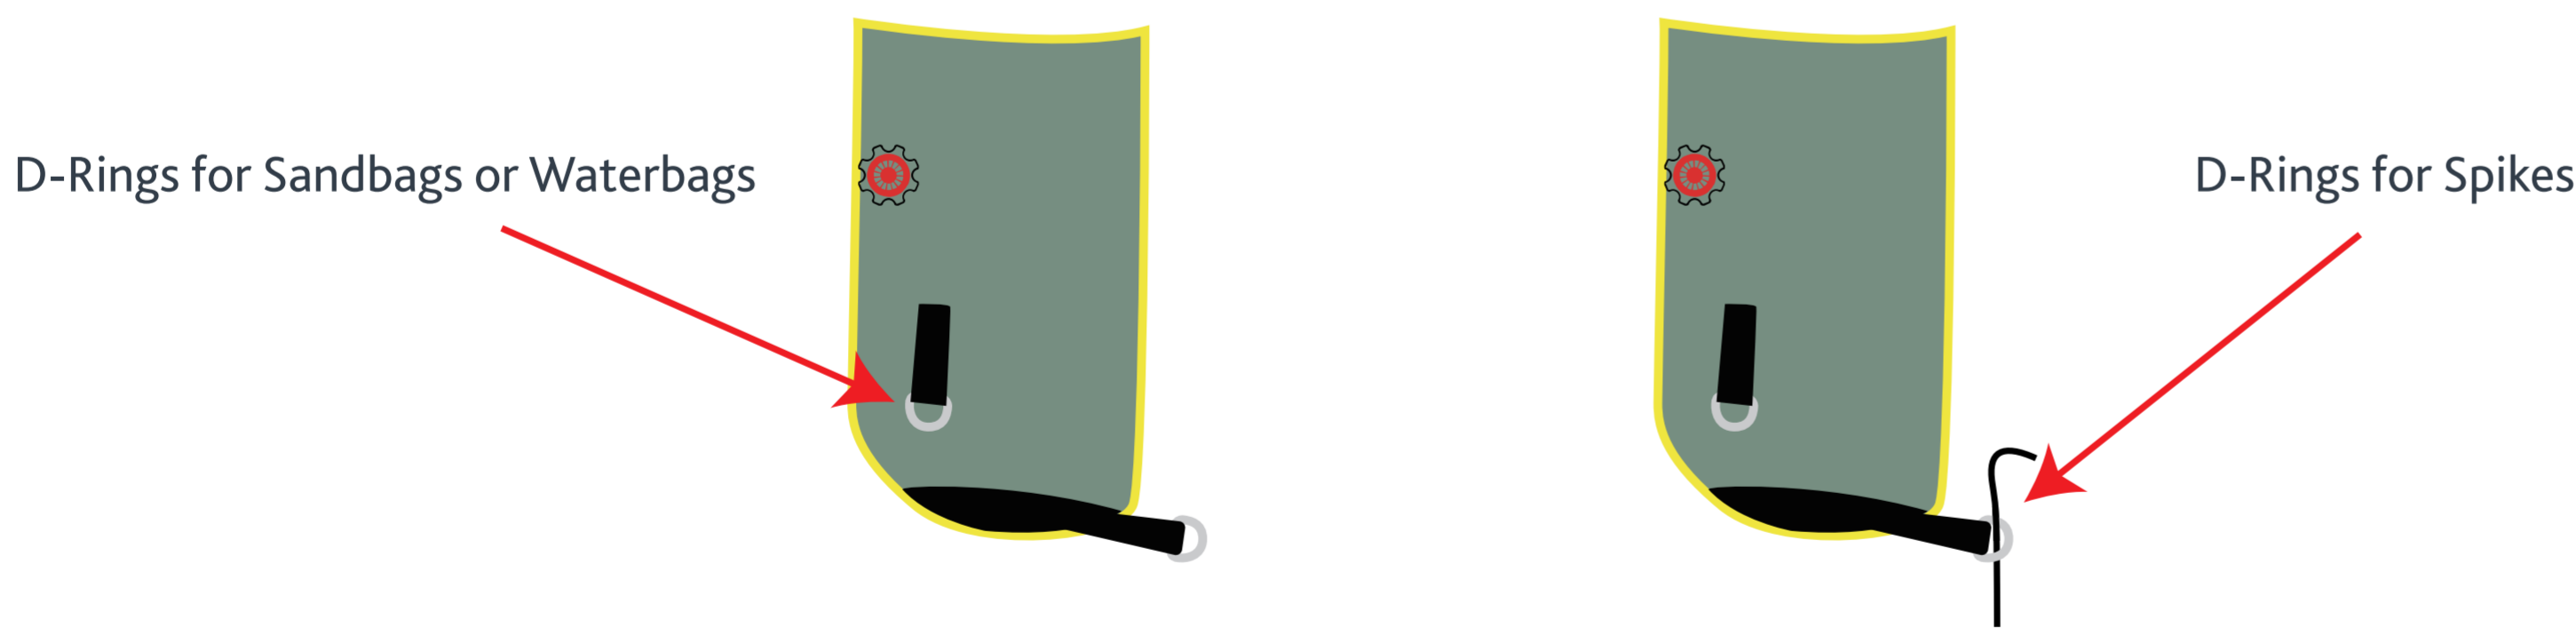

POSITIONING

- Step 1: Pull the rope first (through the hooks), and use the spikes to fix the rope to the ground, with the spikes facing inward as shown in picture.
- Step 2: Fix the sandbag through the leg D-Rings.
- Step 3: Fix the spikes at the bottom of the leg through the D-Rings at the bottom of the leg, and fix vertically.

LEGS

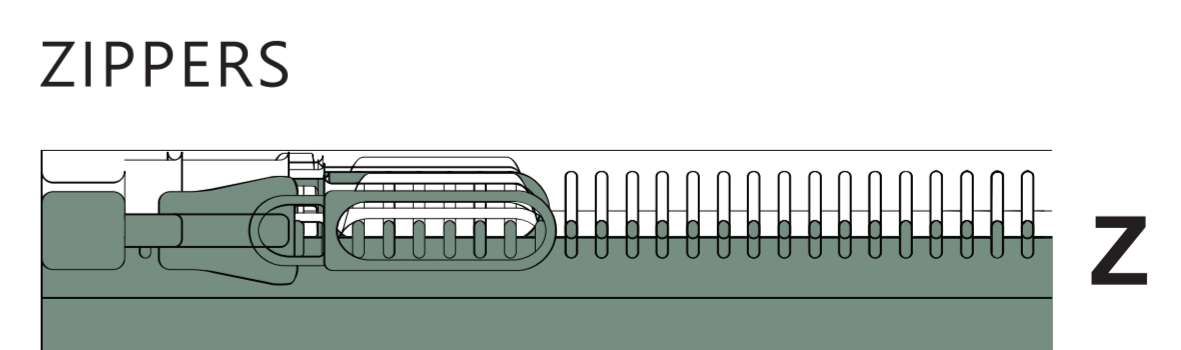

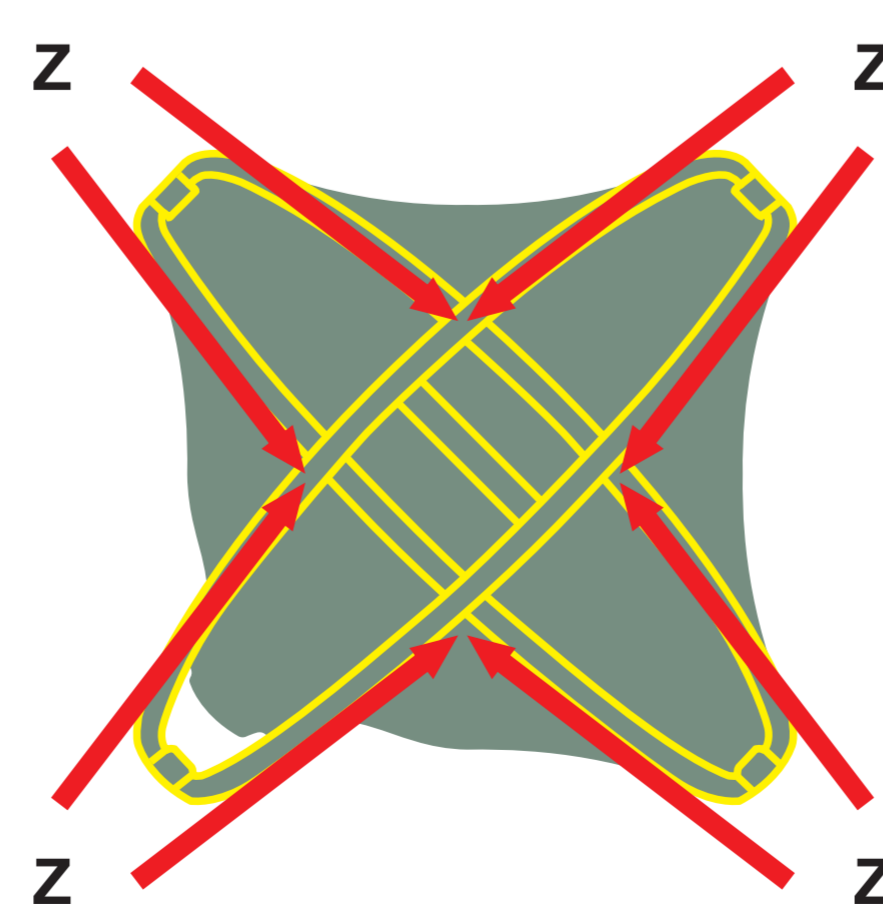

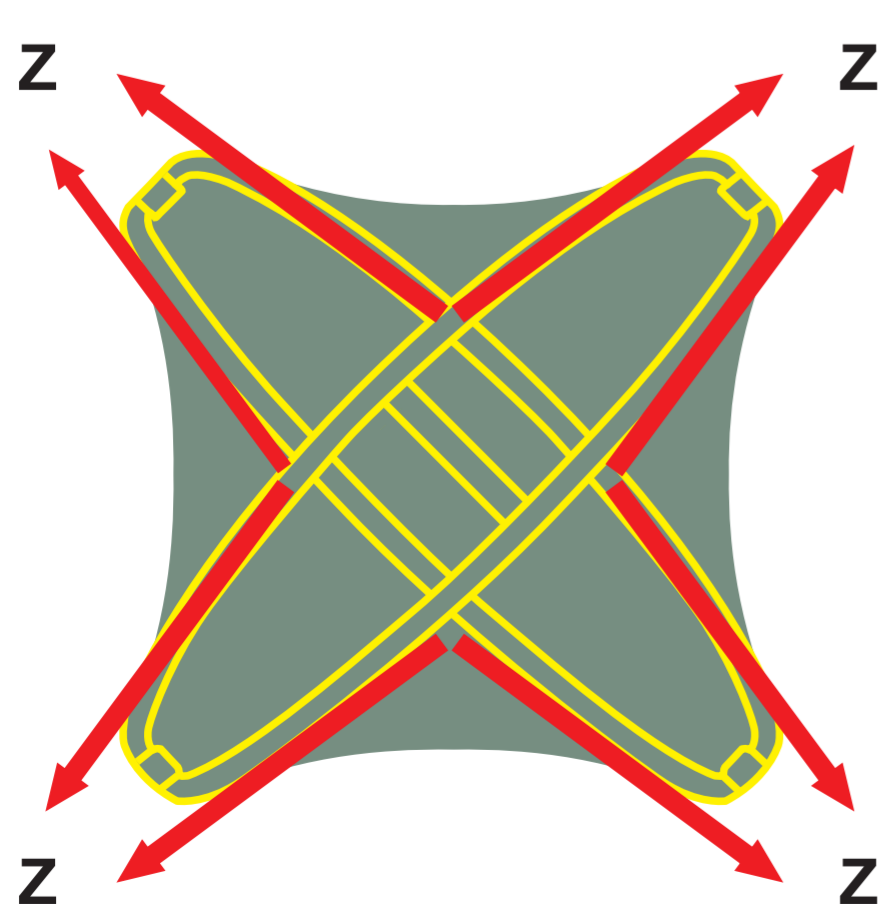

Please note the functions for two kinds of D-Rings are not the same.

REPLACING THE CANOPY

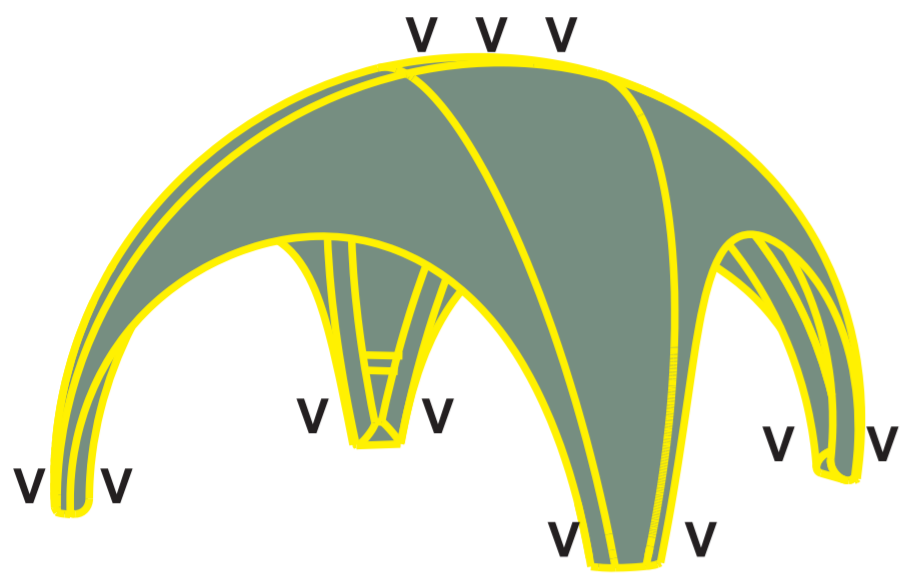

Remove the old canopy and pull down the zipper from top to bottom.

Put the new canopy on, pull the zipper from bottom to top.

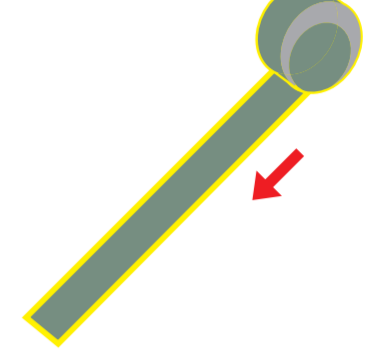

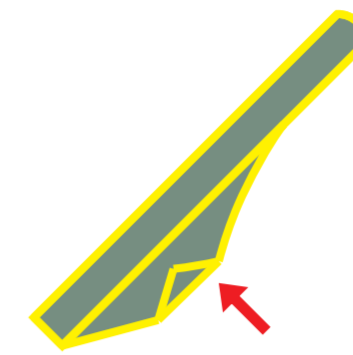

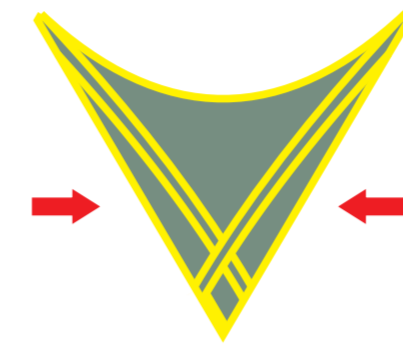

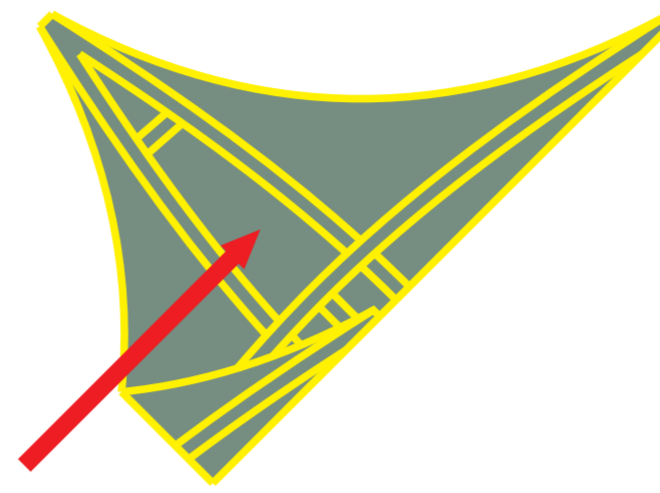

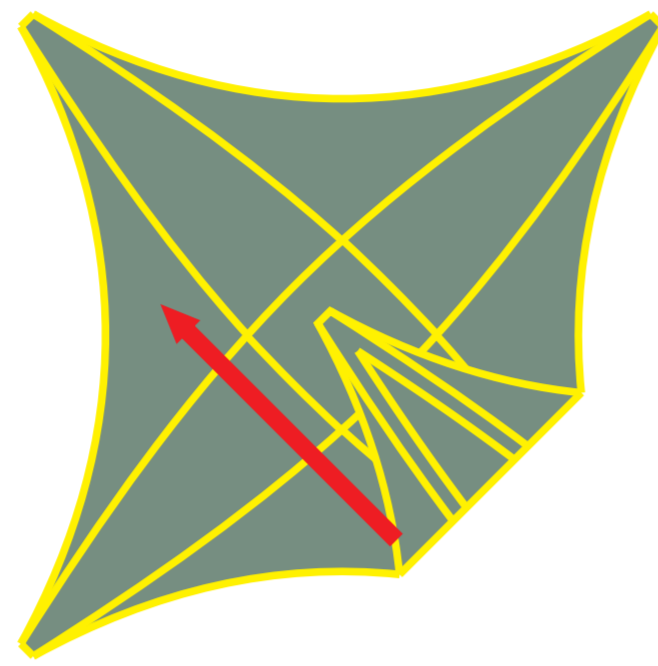

DEFLATING

Deflate Spider Dome by opening the 11 inflate/deflate valves. Do not remove the overpressure valves.

FOLDING & STORAGE

Fold as shown in pictures below.
Do not pack away the Spider Dome when it's wet.
Hang both frame and material in a dry environment

DO'S & DONT'S

- Do not use sharp objects.
- Do not use chemicals for cleaning.
- Do not use near an open fire or heated objects.
- Do not store when wet.

- Can be used up to 6 Bft.
- Pressure: 3PSI / 0.2BAR
- Anchor with stakes on soft ground.
- Anchor with water barrels on hard ground.

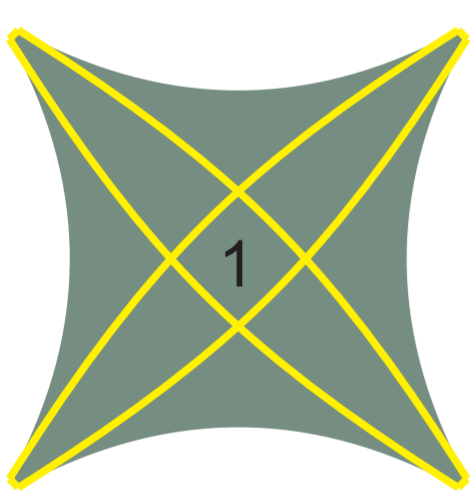

Never leave the Spider Dome unattended and take care of your belongings.

After use of the Spider Dome, store it in a dry place. Never pack away when wet. Hang out frame and material in a dry and warm place.

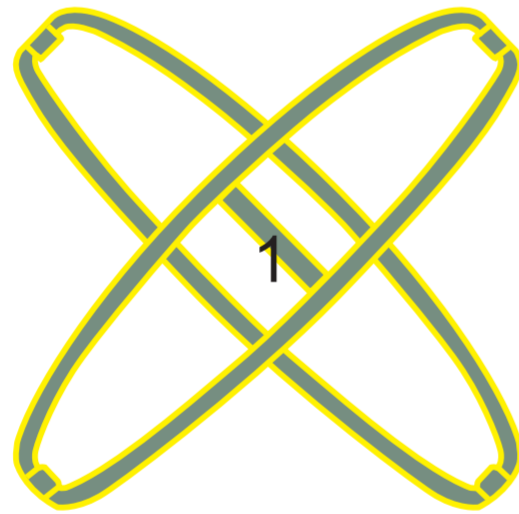

Only use water with a soft handbrush and a wet cloth to clean the dome. Do not use any cleaning products.

PARTS

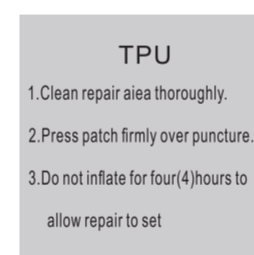

1 x Canopy

1 x Leg Frame (Cover & TPU Bladder)

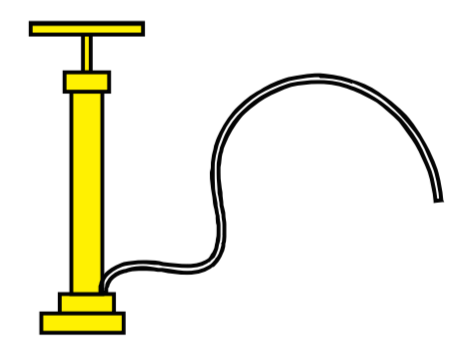

2 x TPU Repair Patches

11 x Inflate/Deflate Valves + 2 Spare Valves

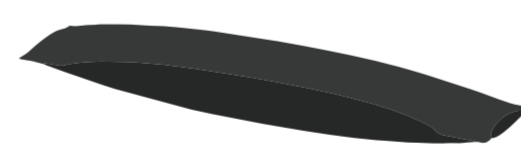

1 x Hand Pump

4 x Rope

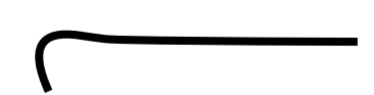

4 x Sandbags

8 x Overpressure Valves + 1 Spare Valve

8 x Stakes

OPTIONAL ACCESSORIES

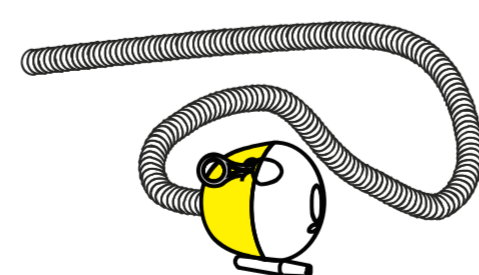

Carry Bag

Water Barrel

Electric Pump

Screw Stakes

Hook for Zipper

U'shape Fork
